

February 1, 2013

Dear Valued Customer:

Due to an increase in Southwest Airlines' economic fuel cost in the fourth calendar quarter of 2012, effective February 15, 2013, the fuel surcharge assessed on all Southwest Airlines Cargo shipments will be \$0.39/lb. Please note, the fuel surcharge is calculated based on actual weight and current minimum charges still apply.

Please update your records accordingly and we sincerely thank you for your business.

Best regards,
